

SettingsPieDoughnut.SizeOfCenterHole

Description

Sets or returns the size of the center hole of a doughnut chart as a percentage of the doughnut size.

C#

```
public int SizeOfCenterHole{ get; set; }
```

vb.net

```
Public Property SizeOfCenterHole() As Integer
```

Remarks

This defaults to 50 when creating a new doughnut series.

If this is set to a value less than 10, it will be set to 10.

If this is set to a value greater than 90 it will be set to 90.

This property is linked for doughnut series in the same group. See [SettingsPieDoughnut](#) for more information on how linking works.

For series that are not doughnut series, setting this will have no effect and it will always return 0.
