

Picture.Align(Alignment)

Description

Aligns a [Picture](#) with the specified [alignment](#).

C#

```
public void Align(Alignment alignment)
```

vb.net

```
Public sub Align(ByVal alignment As Alignment)
```

Parameters

alignment

An [Alignment](#) value representing the desired alignment of the Picture.

Examples

C#

```
pic.Align(Alignment.Center);
```

vb.net

```
pic.Align(Alignment.Center)
```
