

PivotTables.GetEnumerator()

Introduced in build 8.4

Description

Returns an IEnumerator for the PivotTables in a Worksheet.

C#

```
public IEnumerator GetEnumerator()
```

vb.net

```
Public Function GetEnumerator As IEnumerator
```

Returns

An enumerator for the PivotTables in a Worksheet as a System.Collections.IEnumerator

Examples

C#

```
IEnumerator enumerator = ws.PivotTables.GetEnumerator();
```

vb.net

```
Dim enumerator as IEnumerator = ws.PivotTables.GetEnumerator()
```
