

Area.AllRowsHeight

Description

Sets the height - in points (1/72 of an inch) - of all rows in this Area. This must be a value that is between 0 - 409.

C#

```
public double AllRowsHeight{ set; }
```

vb.net

```
Public WriteOnly Property AllRowsHeight() As Double
```

Examples

C#

```
a.AllRowsHeight = 30;
```

vb.net

```
a.AllRowsHeight = 30
```
