

Workbook.ShowHorizontalScrollBar

Description

When true, the horizontal scroll bar will be shown in the generated workbook. When false, the horizontal scroll bar will be hidden.

C#

```
public boolean ShowHorizontalScrollBar{ get; set; }
```

vb.net

```
Public Property ShowHorizontalScrollBar() As Boolean
```

Examples

C#

```
//--- Set the ShowHorizontalScrollBar property value
bool showHorizScroll = wb.ShowHorizontalScrollBar;

//--- Get the ShowHorizontalScrollBar property value
wb.ShowHorizontalScrollBar = true;
```

vb.net

```
'--- Set the ShowHorizontalScrollBar property value
Dim showHorizScroll As Boolean = wb.ShowHorizontalScrollBar

'--- Get the ShowHorizontalScrollBar property value
wb.ShowHorizontalScrollBar = True
```
