

Worksheet.ShowZeroValues

Description

Sets or returns whether zero values in cells will be displayed in the worksheet. Zero values are displayed by default.

C#

```
<p> public boolean ShowZeroValues{ get; set; }</p>
```

vb.net

```
<p>Public Property ShowZeroValues() As Boolean</p>
```

Examples

C#

```
//--- Get ShowZeroValues
    bool showZeroes = ws.ShowZeroValues;

    //--- Set ShowZeroValues
    ws.ShowZeroValues = true;
```

vb.net

```
'--- Get ShowZeroValues
    Dim showZeros As Boolean = ws.ShowZeroValues

    '--- Set ShowZeroValues
    ws.ShowZeroValues = True
```
