

PageSetup.PrintGridlines

Description

Sets or returns whether the worksheet's horizontal and vertical cell gridlines will be printed.

(This is not supported for charts.)

C#

```
<p> public boolean PrintGridlines{ get; set; }</p>
```

vb.net

```
<p>Public Property PrintGridlines() As Boolean</p>
```

Examples

C#

```
//--- Get PrintGridlines
bool prntGridlines = ps.PrintGridlines

//--- Set PrintGridlines
ps.PrintGridlines = true;
```

vb.net

```
'--- Get PrintGridlines
Dim prntGridlines As Boolean = ps.PrintGridlines

'--- Set PrintGridlines
ps.PrintGridlines = True
```
