Section.Unlocked

Description

Sets or returns a `boolean` that represents whether or not this section is unlocked.

C#

```
public boolean Unlocked{ get; set; }
```

---

vb.net

```
Public Property Unlocked() As Boolean
```

Examples

C#

```
//--- Return Unlocked
        bool unlocked = oSection.Unlocked;

        //--- Set Unlocked
        oSection.Unlocked = false;
```

---

vb.net

```
'--- Return Unlocked
        Dim unlocked As Boolean = oSection.Unlocked

        '--- Set Unlocked
        oSection.Unlocked = False
```
