

WordWriterException

Description

WordWriterException is thrown by the Element.Search() and Element.SearchAndReplace() methods.

C#

```
<p><a class="unresolved" href="#">Serializable</a><br />
public sealed class WordWriterException : System.SystemException,
System.Runtime.Serialization.ISerializable</p>
```

vb.net

```
<p>&lt;Serializable()&gt; _<br />
Public NotInheritable Class WordWriterException<br />
Inherits System.SystemException<br />
Implements System.Runtime.Serialization.ISerializable</p>
```
