

# DocumentProperties.RestoreDefaults()

## Description

Restores document properties values to the default set of properties and clears all others. The default set of properties are Application, CreationDate, and LastSavedDate.

**C#**

```
public void RestoreDefaults()
```

**vb.net**

```
Public Sub RestoreDefaults()
```

## Examples

**C#**

```
docProps.RestoreDefaults();
```

**vb.net**

```
docProps.RestoreDefaults()
```
