

DocumentProperties.RestoreDefaults()

Description

Restores document properties values to the default set of properties and clears all others. The default set of properties are Application, CreationDate, and LastSavedDate.

C#

```
<p> public void RestoreDefaults()</p>
```

vb.net

```
<p>Public Sub RestoreDefaults()</p>
```

Examples

C#

```
docProps.RestoreDefaults();
```

vb.net

```
docProps.RestoreDefaults()
```
