

CompatibilitySettings.ApplyBreakingRules

Description

Sets or returns a boolean that represents whether or not Word will apply breaking rules in this document.

C#

```
public boolean ApplyBreakingRules{ get; set; }
```

vb.net

```
Public Property ApplyBreakingRules() As Boolean
```

Remarks

MS Word equivalent: Tools menu > Options... > Compatibility tab > Compatibility options for [filename].doc section > Options > Use line breaking rules

Examples

C#

```
//--- Return ApplyBreakingRules
    bool applyBreakingRules = cs.ApplyBreakingRules;

    //--- Set ApplyBreakingRules
    cs.ApplyBreakingRules = true;
```

vb.net

```
'--- Return ApplyBreakingRules
    Dim applyBreakingRules As Boolean = cs.ApplyBreakingRules

    '--- Set ApplyBreakingRules
    cs.ApplyBreakingRules = True
```
