

DocumentProperties.RestoreDefaults()

Description

Restores document properties values to the default set of properties and clears all others. The default set of properties are Application, CreationDate, and LastSavedDate.

C#

```
public void RestoreDefaults()
```

vb.net

```
Public Sub RestoreDefaults()
```

Examples

C#

```
docProps.RestoreDefaults();
```

vb.net

```
docProps.RestoreDefaults()
```
