

CompatibilitySettings.ExactOnTop

Description

Sets or returns a `boolean` that represents whether or not Word will center "exact line height" lines in this document.

C#

```
public boolean ExactOnTop{ get; set; }
```

vb.net

```
Public Property ExactOnTop() As Boolean
```

Remarks

This is set to `false` by default.

MS Word equivalent: Tools menu > Options... > Compatibility tab > Compatibility options for [filename].doc section > Options > Don't center "exact line height" lines

Examples

C#

```
//--- Return ExactOnTop
bool exactOnTop = cs.ExactOnTop;

//--- Set ExactOnTop
cs.ExactOnTop = true;
```

vb.net

```
'--- Return ExactOnTop
Dim exactOnTop As Boolean = cs.ExactOnTop

'--- Set ExactOnTop
cs.ExactOnTop = True
```
