

Slides.GetEnumerator()

Description

Returns an IEnumerator for the individual Slides in a Slides object

C#

```
public IEnumerator GetEnumerator()
```

vb.net

```
Public Function GetEnumerator As IEnumerator
```

Returns

An enumerator for the individual Slides in a Slides object as a System.Collections.IEnumerator

Examples

C#

```
IEnumerator enumerator = slides.GetEnumerator();
```

vb.net

```
Dim enumerator as IEnumerator = slides.GetEnumerator()
```
