

PageSetup.UseZoom

Description

Sets or returns whether the Zoom property or the FitToPagesTall and FitToPagesWide pair of properties will be used.

(This is not supported for charts.)

C#

```
<p> public boolean UseZoom{ get; set; }</p>
```

vb.net

```
<p>Public Property UseZoom() As Boolean</p>
```

Examples

C#

```
//--- Get UseZoom
    bool useZm = ps.UseZoom;

    //--- Set Zoom
    ps.UseZoom = false;
```

vb.net

```
'--- Get UseZoom
    Dim useZm As Boolean = ps.UseZoom

    '--- Set UseZoom
    ps.UseZoom = False
```
