

Comments.GetEnumerator()

Description

Returns an IEnumerator for the Comments in a Worksheet

C#

```
public IEnumerator GetEnumerator()
```

vb.net

```
Public Function GetEnumerator As IEnumerator
```

Returns

An enumerator for the Comments in a Worksheet as a System.Collections.IEnumerator

Examples

C#

```
IEnumerator enumerator = ws.Comments.GetEnumerator();
```

vb.net

```
Dim enumerator as IEnumerator = ws.Comments.GetEnumerator()
```
