Workbook.ShowVerticalScrollBar

Description

Shows or hides the vertical scroll bar in the generated workbook.

C#

```
public boolean ShowVerticalScrollBar{ get; set; }
```

vb.net

```
Public Property ShowVerticalScrollBar() As Boolean
```

Examples

C#

```
//--- Get the ShowVerticalScrollBar property
        bool showVertScroll = wb.ShowVerticalScrollBar;

        //--- Set the ShowVerticalScrollBar property
        wb.ShowVerticalScrollBar = true;
```

vb.net

```
'--- Get the ShowVerticalScrollBar property
        Dim showVertScroll As Boolean = wb.ShowVerticalScrollBar

        '--- Set the ShowVerticalScrollBar property
        wb.ShowVertialScrollBar = True
```
