

Worksheet.ShowRowColHeaders

Description

Sets or returns whether column and row headers will be displayed in the worksheet. The headers are displayed by default.

C#

```
<p> public boolean ShowRowColHeaders{ get; set; }</p>
```

vb.net

```
<p>Public Property ShowRowColHeaders() As Boolean</p>
```

Examples

C#

```
//--- Get ShowRowColHeaders
    bool showHeaders = ws.ShowRowColHeaders;

    //--- Set ShowRowColHeaders
    ws.ShowRowColHeaders = false;
```

vb.net

```
'--- Get ShowRowColHeaders
    Dim showHeaders As Boolean = ws.ShowRowColHeaders

    '--- Set ShowRowColHeaders
    ws.ShowRowColHeaders = False
```
