

RowProperties.Height

Description

Sets or returns the height of the row in points (1/72 of an inch).

C#

```
public double Height{ get; set; }
```

vb.net

```
Public Property Height() As Double
```

Examples

C#

```
//--- Get Height
    double rowHeight = rowProps.Height;

    //--- Set Height
    rowProps.Height = 35;
```

vb.net

```
'--- Get Height
    Dim rowHeight As Double = rowProps.Height

    '--- Set Height
    rowProps.Height = 35
```
