

Worksheet.InsertVerticalPageBreak(Cell)

Description

Inserts a vertical page break in the worksheet to right of the specified cell.

C#

```
public void InsertVerticalPageBreak(Cell rightOfCell)
```

vb.net

```
Public Sub InsertVerticalPageBreak(ByVal rightOfCell As Cell)
```

Parameters

rightOfCell

A [Cell](#) object representing the cell at which to insert a vertical page break.

Examples

C#

```
ws.InsertVerticalPageBreak(ws.Cells["G1"]);
```

vb.net

```
ws.InsertVerticalPageBreak(ws.Cells("G1"))
```
